

Metal Vision HD 2AA

New

The Energizer® Vision HD is a versatile, high-performance light that provides exceptionally sharp, high-definition illumination. Using unique MAXVIZ technology, Energizer® Vision HD lights offer outstanding beam color and optimized contrast, giving users an expanded field of high-definition vision. Smooth digital switching allows users to easily select between three beam options: high, power-saver and emergency strobe modes. The Energizer® Vision HD line provides enhanced light output and exceptional user control, making it ideal for the home, vehicle or workplace.

Features

- Versatile, lightweight, high performance light providing exceptionally sharp, high-definition performance
- MAX-VIZ technology matches natural eye preferences to produce exceptional, high definition vision
- Digital Focus allows the user to smoothly transition from a sharp focused beam to a broad area beam
- Smooth digital switching allows users options of high, power-saver and emergency strobe modes
- Durable alloy construction provides confidence for any task
- 2 x AA Alkaline batteries included
- Light modes : beam high

Specifications

	beam high
Lumens	400 Lumens
Run Time	4 Hours
Beam distance	115
Weatherproof	IPX4
Impact resistance	1 M

Logistics
