

## Hard Case Professional Recharge Spot

New

Serious projects demand serious lighting, look no further than the Energizer HARDCASE PROFESSIONAL® Spotlight. This light has been designed to withstand drop after drop, off a ladder or even a two story building. Constructed with rugged steel and rubber materials, this light is designed to meet the most demanding jobs. With advanced LED technology, the powerful beam can span the distance of four stadium fields, while high and low mode option allows the user to maximize brightness or runtime. Bright and durable, Energizer HARDCASE PROFESSIONAL® Spotlight is ready for any task.

### Specifications

	beam high	beam low
Lumens	600 Lumens	215 Lumens
Run Time	6 Hours	22 Hours
Beam distance	425	270
Weatherproof	IPX4	
Impact resistance	7 M	

### Features

- Works with Rechargeable NiMH, Alkaline or Lithium batteries, for extra convenience
- Innovative & unique battery type detection System, prevents product damage
- Adjustable beam output for maximum flexibility
- Designed with built in hands-free convenience
- Extreme resistance with a durable rubber overmold and rugged ABS plastic
- 7m impact resistance
- Shatterproof lens
- Charger and In Car charger included
- Designed to last 20 years
- 6 x AA NiMH rechargeable batteries included
- Light modes : beam high , beam low
