

Metal Vision HD 6AA

New

The Energizer® VISION HD Extra Performance delivers high-performance innovation with exceptional brightness and hours of runtime. Unique MAXVIZ technology enables users to experience sharp, high-definition performance with daylight color and wide, uniform light output. A smooth, digital switch provides access to multiple beam settings: high for maximum brightness, power saver to optimize runtime and strobe for emergency needs. With an advanced alloy construction and a patented power system to preserve performance, the Energizer Vision HD Extra Performance is a valuable solution for outdoor, work or home applications.

Specifications

	beam
Lumens	1300 Lumens
Run Time	4 Hours
Beam distance	115
Weatherproof	IPX4
Impact resistance	1 M

Features

- Versatile, lightweight, high performance light providing exceptionally sharp, high-definition performance
- MAX-VIZ technology matches natural eye preferences to produce exceptional, high definition vision
- Digital Focus allows the user to smoothly transition from a sharp focused beam to a broad area beam
- Smooth digital switching allows users options of high, power-saver and emergency strobe modes
- Durable alloy construction provides confidence for any task
- 6 x AA Alkaline batteries included
- Light modes : beam
